Sustainable Service in DS - Involving People with Down Syndrome, in the implementation of Sustainable Development Goals, through Service Learning

The Croatian Association of Occupational Therapists has organized the national event on the occasion of World Occupational Therapy day on October 27th 2022 at the Tribina Grada Zagreba to disseminate results of our Sustainable Services in Down syndrome ERASMUS+ project. Event was attended by more than 50 participants from diverse organizations such as the professors and students from The University of Applied

Health Sciences (university at the forefront of education of health professionals such as physiotherapsts, nurses, occupational therapists), Head of the section for preparation and implementation of investment projects in health care, City Office for Social Protection, Health, War Veterans and People with Disabilities, City of Zagreb , employees from various centres, organisations such as Mali dom, Centre for rehabilitation Zagreb, Centre for community based services Novi Jelkovec, Institution for home health Zagreb etc. Our board members, who were trainers for the Sustainable Services in Down syndrome ERASMUS+ project. Activities have presented the project, training materials and platform and transnational training activities and validation processes. We have been accompanied by members of the The Society of Persons with Physical Disabilities of Međimurje County & Association of families of children with developmental disabilities and persons with disabilities SJENA whose members were present in validation sessions and transnational training activities and they have emphasized the benefits of this project.
