

## Overview of the 3<sup>rd</sup> SUSTAINABLE SERVICE-IN-DS Transnational Project Meeting

The SUSTAINABLE-SERVICE-IN-DS Consortium had the 3<sup>rd</sup> transnational project meeting in Lisbon, Portugal. The meeting occurred in person, on October 21<sup>st</sup> and 22<sup>nd</sup>, in the framework of the European initiative of “SUSTAINABLE SERVICE-IN-DS: Involving Persons with Down Syndrome in the implementation of Sustainable Development Goals through Service Learning”.

### **Brief Introduction to SUSTAINABLE SERVICE-IN-DS**

SUSTAINABLE SERVICE-IN-DS is an Erasmus+ project that aims to combine the empowerment of people with Down Syndrome with the SDGs implementation. The key element of its design, is employing the service-learning methodology for the best possible materialization of the overall goal. It is a synergy from organizations, coming from Romania; Croatia; Greece; Spain; and, Portugal.

## AGENDA

### Transnational Project Meeting

The 2-days meeting represented an important occasion for discussions on achievements, project status and planning future actions, which involves sustained work to close the process of developing activities,

training materials and tools. The partnership actualized the following actions:

- **Day 1:** The partnership revised and discussed about the first drafts of the 2<sup>nd</sup> intellectual output. In addition, they went through and approved specifications, regarding the SUSTAINABLE SERVICE-IN-DS e-Training Tool (IO4).
- **Day 2:** The partners revised and discussed about the training materials (IO3) and approved pertinent specifications. Moreover, the cohort reviewed the status of the SUSTAINABLE SERVICE-IN-DS work plan; specifically, the quality plan and the dissemination activities. The meeting wrapped up with the examination of the initiative's finance.

It was a productive meeting between the 8 partners of the SUSTAINABLE SERVICE-IN-DS cohort. The strategic partnership ensured the high quality of the outcomes so far; and, the ones expected, for the successful fulfillment of their mission.
